

## Initial Appointment Instructions

We look forward to your evaluation with us here at the Riordan Clinic. We have been providing patients help and hope since 1975 and we appreciate the opportunity to provide our specialized care to you.

When you arrive, please check in with the front office to turn in required paperwork.

Please fast for 12 hours prior to your appointment check-in time, drink plenty of purified water, and refrain from smoking until after your lab draw. Please be prepared to provide a urine sample as well. These steps are necessary to ensure accuracy for your Real Health Discovery Profile laboratory test results.

Because many of our patients are visiting us to help with environmental sensitivities we ask that all patients & guests refrain from wearing perfumes or scented lotions on the day of their visit.

Please go to [riordanclinic.org/forms](http://riordanclinic.org/forms) to access the New Patient Packet. This is a very important document! Please carefully fill out all of the pages and bring it with you to your first appointment.

If you have any questions, please call us at 316-682-3100. To find location hours, please visit: [riordanclinic.org/our-locations/](http://riordanclinic.org/our-locations/)

Sincerely,  
Riordan Clinic Staff
