WHY TEST?

Check Your Health is an opportunity to measure your individual nutritional status and assess your overall health. Nutrient imbalances have been shown to contribute to a wide variety of chronic illnesses. **Please note that these profiles are self-referred and Check Your Health profiles CANNOT be submitted to insurance.**

Don't wait until a chronic illness develops, act now while information about prevention can make a difference.

SCHEDULE YOUR LAB DRAW

316-684-7784

- ▶ No doctor's order required - open to the public
- ▶ Can't make it? We can send you a collection kit. Just call to set it up.
- ▶ Now serving three locations: Wichita, Hays and Overland Park

FEATURED LAB PROFILE

Mega Profile

Nutrient testing is at the core of what we do here at the Riordan Clinic. Every person is biochemically unique, we all have different nutritional needs based on hereditary factors, environment, diet, lifestyle choices and stage of life. The Bio-Center Laboratory's signature Mega Profile focuses on the direct measurement of nutrients and their clinical relevance in fighting or preventing disease. Results from the Mega Profile can also help direct a daily nutrition and supplementation plan for your specific needs. **Don't just guess on what supplements you need - make decisions based on real data!**
